About Us

Established in 1983, we have started our journey with a very ethical motto of staying at top in our segments. And with help of determination and relations with our clients we have kept growing every year since inception.

We are proving ourselves as 'Customer Oriented Brand' by the help of our quality products and services.

We are now delivering our products and services to more than 1000 customers in numerous cities and countries through our strong distribution network and strong supply chain for procuring diverse range of products.

We have always cherished our customers and their values. Our customers are our first priority. Always.
